

*LOWRIDGE ON SITE TECHNOLOGIES, LLC.*

The individuals on the list below are those that have taken the minimum required training to install the *LOWeFLOW* or *OSCAR-II* systems or provide operations and maintenance services. However, individuals on this list must also obtain the proper certification or licensure from the local health agencies to be legally qualified to perform either service. Please cross reference the local health jurisdiction’s lists of professionals to ensure you are selecting individuals that have the proper credentials in your particular County. This list is periodically updated. Individuals receive training between updates. If an individual’s name does not appear on this list and there is a question as to their certification status, please email Lowridge Onsite. The county listed for each name is the county where their business is located. They may be certified in multiple counties. An annual renewal is required for all “Certified Professionals”.
